ABOUT ME

I'm a dedicated and responsible professional who takes great pride in producing exceptional results. My ambition is driven by the desire to take on increasingly complex challenges that foster both professional and personal growth. Fueled by curiosity, I'm always eager to explore new topics that stimulate me intellectually and help me continue advancing in my career.

WORK EXPERIENCE

Dearan Ó hÓgartaigh Dublin, Ireland

Software developer

02/03/2026 – Current

Currently completing an Erasmus internship as a Full-Stack Developer, contributing to web application development using Next.js and Firebase. Responsibilities include implementing new features, fixing bugs, and improving application performance. Also using Jira for task management and GitHub/GitLab for version control and team collaboration.

Kapres Technology Santa cruz de La Palma, Spain

Web programmer

18/05/2025 – 18/06/2025

During my internship, I developed and maintained a WordPress website, troubleshooting PHP plugin issues, contributing to the site's design and layout, and configuring an automated email system for personalized birthday greetings to forum members.

Metric Tristarinc Cork, Ireland

Technician in Administrative Management

08/04/2024 – 20/06/2024

During my internship, I tested and monitored a web application to ensure performance and reliability, and managed company package logistics by tracking and documenting shipments.

EDUCATION AND TRAINING

10/09/2024 – CURRENT Los Llanos de Aridane, Spain

Associate degree in Web App Development I.E.S Jose Maria Perez Pulido

Associate Degree in Web Application Development covering front-end and back-end technologies, including HTML, CSS, Bootstrap, Tailwind, Java, JavaScript, PHP, and Laravel. Training included MySQL database design and optimization, web application deployment, Windows and Linux system administration, and core cybersecurity practices for secure development.
